Hare and Tortoise retold

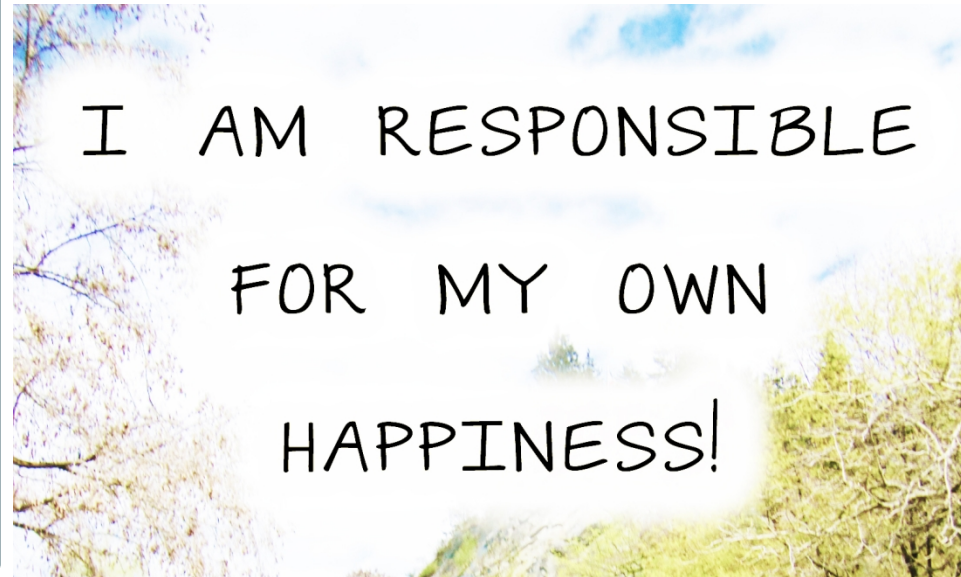

What can we do to **become more** successful?

- **Take Responsibility**

Changing our thoughts will change our world, and we are responsible for this

Since we have the power to choose our experience, we also need to accept responsibility for this

What can we **do** to become more successful?

- **Be a Good Leader**

- We cannot be effective in any area of life unless we have good leadership skills
- Primarily, we need to understand how to lead ourselves

A good leader will lead quietly and subtly, from the rear, without fuss, without fanfare

What can we do to become more successful?

- **DON'T LET FEAR STOP YOU**

Whenever we grow, there is fear.

Whenever we do something new, there is fear.

Whenever we push ourselves to new heights or expand our comfort zone, there is fear

Life is always moving
– either we are moving forward, growing, or
- we are moving back, dying

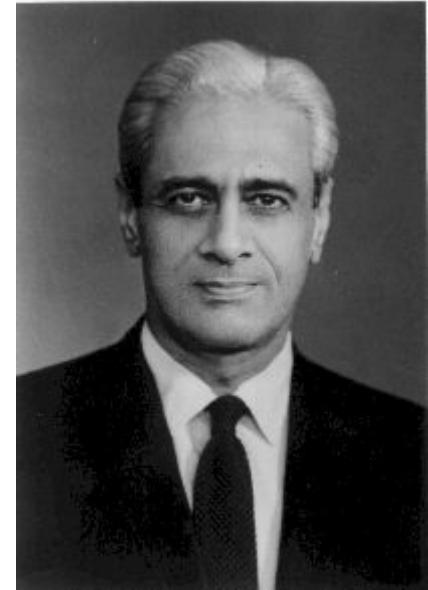

Don't fear failure - failure is inevitable and necessary

This failure is the foundation of success, so long as we learn from it.. When you face your fears, they will vanish like smoke.

When asked about it, Edison allegedly said,
"I have not failed 1,000 times. I have successfully discovered 1,000 ways to NOT make a light bulb."
